

PRODUCT INFORMATION

Parts Master SAE 80W-90 Gear Oil

Description

Parts Master SAE 80W-90 Gear Oil is a premium quality conventional gear oil designed for axles and differentials calling for API GL-5 gear oils. This gear oil has excellent protection against gear corrosion, wear, and shock loading. **Parts Master SAE 80W-90 Gear Oil** is recommended for conventional rear axles and non-synchronized manual transmissions requiring EP gear lubricants.

Parts Master SAE 80W-90 Gear Oil meets or exceeds API Services GL-5 and GL-4 (non-synchronized manual transmissions) and can be used in applications calling for SAE **85W-90** gear oils.

Typical Properties

	<u>SAE 80W-90</u>
KV100 (cSt)	14.5
KV40 (cSt)	146
Viscosity Index	96
Density @ 15°C, g/cm ³	0.895
Brookfield Vis., cP	108,000(-26°C)
Pour Point (°C)	-30
