Parts Master ATF+4[®] Transmission Fluid

Description

Parts Master ATF+4 Transmission Fluid is a uniquely blended full synthetic automatic transmission fluid that meets Chrysler Material Standard MS-9602. It is designed as a factory-fill and service-fill fluid for all 1998 and later Chrysler automatic transmissions and transaxles. It is fully compatible with all transmissions that require Mopar ATF+[®], Mopar ATF+2[®] and Mopar ATF+3[®]. **Parts Master ATF+4 Transmission Fluid** is for use in all applications specifying Mopar ATF+4 or Type MS-9602 fluid.

Parts Master ATF+4 Advantages:

- **Longer Life:** Improved thermal stability for longer fluid life.
- **Better Viscosity Stability:** Improved viscosity stability for consistent transmission operation.
- **Frictional Enhancement:** Specific frictional properties for smooth clutch engagement.
- **Corrosion & Wear Protection:** Contains special additives to help prevent rust corrosion and wear.
- **Foaming Protection:** Contains additive to help reduce foaming.
