

PRODUCT INFORMATION

Parts Master SAE 75W-140 Synthetic Gear Oil

Description

Parts Master SAE 75W-140 Synthetic Gear Oil is a full synthetic gear oil formulated for both limited slip and conventional differentials. It has excellent load carrying and extreme pressure properties to meet the demanding requirements of high torque, low speed conditions. **Parts Master SAE 75W-140 Synthetic Gear oil** contains limited slip additive, so no additional limited slip required.

Parts Master SAE 75W-140 Synthetic Gear Oil meets or exceeds API Service GL-5 for differentials and API Service GL-4 for non-synchronized manual transmissions.

Typical Properties

	<u>SAE 75W-140</u>
KV100 (cSt)	27
KV40 (cSt)	184
Viscosity Index	184
Density @ 15 °C g/m ³	0.860
Pour Point (°C)	-45
